The Procrastinator

Ignoramus The Procrastinator

- * **EMPIRE:** Eastern Empire.
- * **KINGDOM:** Swamp of Surprise.
- * **TERRITORY:** Xanadu.
- * **BEHAVIOR:** Ignoramus, alias the underachiever, travels the Open Road in search of recognition.

The irresponsible Extractor is disorganized, unambitious, and afraid of success. The lackadaisical molluskhead is full of endless riddles, offering one excuse after the other for his failure to keep a promise. Faking his intelligence, the goldbricking backslider is a smooth-talking freeloader.

Be wary of Ignoramus, the procrastinator.
