The Spoiled Brat

Lady Ravenrat

The Spoiled Brat

- * **EMPIRE:** Northern Empire.
- * **KINGDOM:** Glacier of Danger.
- * **TERRITORY:** Ivory Tower.
- * **BEHAVIOR:** Lady Ravenrat, alias the spendthrift, stares at Open Road travelers from her majestic tower.

The spoiled-rotten Extractor, born with a silver spoon in her mouth, expects to be mollycoddled, pampered, and waited on. If the ratbrat does not get her way, she throws unforgettable temper tantrums.

The nagging ravenbrain is impossible to please because she continually craves new possessions. Be wary of Lady Ravenrat, the spoiled brat.
