The Compulsive Addict

- * **EMPIRE:** Western Empire.
- * **KINGDOM:** Ocean of Emotion.
- * **TERRITORY:** Ruritania.
- * **BEHAVIOR:** Moby, alias the glutton, begs for food from Open Road travelers.

The self-abusive Extractor lacks willpower, spending his entire existence over-eating, over-drinking, and gambling ... craving immediate gratification. The self-indulgent walrushead is obsessed with instant pleasure, suffering guilt after his binges and gluttonous episodes. Old Ivorytooth's health suffers because of his bad habits.

Be wary of Moby, the compulsive addict.
