## The Co-Dependent

- \* EMPIRE: Northern Empire.
- \* KINGDOM: Woods of Awareness.

\* TERRITORY: Mildendo.

\* BEHAVIOR: Ms. Doozie, alias the manipulator, forces advise on Open Road travelers. The

dysfunctional Extrator is obsessed with controlling others, sticking her nose where it doesn't belong.

The care-taking buffalobrain anticipates herd member's needs, says 'yes' when she means 'no', then feels victimized and used. The over-reacting unquilate thrives on crisis, giving advise followed by complaints and self-pity ... a martyr.

Be wary of Ms. Doozie, the co-dependent.
