# Rodanna The Talkaholic

- \* **EMPIRE:** Western Sub-Hemisphere.
- \* **KINGDOM:** Tunnels of Eternity.
- \* **TERRITORY:** Rhadamanthus.
- \* **BEHAVIOR:** Rodanna, alias the interrupter, corners Open Road travelers to talk about herself.

The long-winded Extractor loves to hear herself gab, preoccupied with her own experiences. The chattering gopherhead interrupts and talks out of turn, refusing to listen to other creatures. Craving attention, the 'I-Me-My' blabbermouth witch never stops yakking.

Be wary of Rodanna, the talkaholic.
