## The Shy Scaredy Cat

- \* **EMPIRE:** Northern Empire.
- \* **KINGDOM:** Glacier of Danger.
- \* **TERRITORY:** Cimmeria.
- \* **BEHAVIOR:** Troqq, alias the introvert, avoids confrontations with Open Road travelers.

The lickspittle Extractor is afraid of his own shadow, staying out of the way of other creatures, giving in to everyone's demands.

The frightened feline is shy, withdrawn, and easily embarrassed. His unassertive and insecure behavior leads to cowardly acts. The pantywaist saber-toothed pussycat is a doormat.

Be wary of Troqq, the shy scaredy cat.
