Valkyrie

The Unethical Trickster

- * EMPIRE: Eastern Empire.
- * KINGDOM: Swamp of Surprise.
- * TERRITORY: Castle in the Air.
- * BEHAVIOR: Valkyrie, alias the kleptomaniac, swindles innocent Open Road travelers.

Lacking moral fiber due to a childhood without ethics, the unscrupulous Extractor gains great pleasure from dishonest plots. As a young chickadee, she cheated and stole from others ... all for attention. The bamboozling featherhead is a con artist, scheming and plotting her next act of immorality.

Beware of Valkyrie, the unethical trickster.
