The Arguing Sorehead

- * EMPIRE: Southern Empire.
- * KINGDOM: Wasteland of Want.
- * TERRITORY: Xibalba.
- * BEHAVIOR: Voodoo, alias the quarreller, seeks Open Road travelers who she can argue with.

The bad-tempered Extractor's favorite past time is to disagree with others so she can start a heated debate ... a verbal battle.

The whining naq is irritable, antagonistic, and controversial, believing she knows it all. The agitated and frustrated centaur is no fun to be around; the old naq is a bickering sourpuss. Beware of Voodoo, the arguing sorehead.
